Subject-Science

ASSIGNMENT TITLE:

"EXPLORING THE WONDERFUL WORLD OF SCIENCE: ECO-FRIENDLY PRACTICES"

Dear Children, It's time for the summer vacation, and it is the time when we have fun with our family members. So we have designed some fun projects for your holidays that will help you learn with enjoyment along with your family.

Objective: To create an interdisciplinary project that integrates science, art, and other subjects, focusing on eco-friendly practices and sustainable living, while exploring the concepts from Chapters 1 and 2.

Choose any three of the following activities.

ACTIVITY 1. Science in daily life: Create a model or drawing that shows how Science is applied in everyday life. (e.g., cooking, transportation, health etc), incorporating concepts from Chapter 1: "The Wonderful World of Science".

ACTIVITY 2. Diversity in Living World Poster: Design a poster highlighting the diversity of living organisms in different ecosystems, connecting to Chapter 2: "Diversity in the Living World".

ACTIVITY 3. Eco-Friendly Practices Comic Strip: Create a comic strip showcasing eco-friendly practices, such as reducing waste, conserving water, or protecting biodiversity.

ACTIVITY 4. Sustainable Living Diary: Maintain a diary or journal documenting your observations and experiences with eco-friendly practices, reflecting on the concepts learned in Chapters 1 and 2.
